Parking Lot

Blue Cross Blue Shield of Nebraska

Challenge

- The large parking lot had outdated, inefficient lighting throughout
- Dark spots, especially at the front entrance, led to concerns about pedestrian safety

Solution

- Complete a lighting layout for new, energy efficient LED area lights
- Specify appropriate lens optics on the fixtures to maximize light distribution

Improvements/Benefits

- Reduction of overall energy usage by over 56% with rebates to help offset the cost of the project
- Much brighter and uniformly lit atmosphere at night leading to enhanced security for employees

"We sincerely appreciate Voss's efficient, gracious customer service and the level of detail and professionalism they have demonstrated on this project. Our team could not be more satisfied with Voss's work, and we look forward to continuing this relationship."

- Rob Porter, Director of Facilities

Bringing a better light to our world, since 1939.
